JOB OBJECTIVE: Perform advanced archeological, research, and cultural resource management work for the Archeology Division at the Texas Historical Commission (THC). Work involves conducting cultural resources reviews associated with Section 106 of the National Historic Preservation Act and the Antiquities Code of Texas for federal and state undertakings; making additions to and editing Geographic Information Services (GIS) data in the Archeological Sites Atlas; maintaining the online tribal contacts list; conducting and assisting with archeological investigations relating to the agency's state archeological program; assisting with the processing of the resulting collections; and analysis and reporting on the results of these investigations. Work under minimal supervision, with extensive latitude for use of initiative and independent judgment.

ESSENTIAL DUTIES:

1. Advise the public about rules/regulations and compliance issues relating to Antiquities Code of Texas and Section 106.
2. Conduct cultural resources management reviews for construction projects that may impact cultural resources.
3. Prepare shapefile entry submissions to the Restricted Texas Archeological Atlas.
4. Assist with the development of Section 106 and Antiquities Code of Texas agreement documents.
5. Assist the Texas Archeological Stewardship Network program, including the planning and execution of the annual training workshop and other related duties.
6. Provide assistance to, and work with, archeological stewards, other avocational archeologists and archeological organizations.
7. Work closely with volunteers to conduct research projects; may provide related training.
8. Assist with the management and coordination of the archeological easements granted to and preserve properties acquired by the agency, including the development of content and updating related information for the agency's website and social media.
9. Make presentations as part of TAM and other agency public outreach efforts.
10. Consult with landowners about archeological resources on their properties by providing information about preservation and management options.
11. Research and update contacts list for federally recognized tribes on the agency's website.
12. Plan and execute archeological research designs.
13. Conduct archeological site evaluations and investigations.
14. May coordinate inter-agency and intra-agency archeological projects.
15. Report on the results of archeological investigations and other agency activities in technical, popular and web-based formats.

16. Work with agency staff to develop and distribute web-based information about archeological preservation.
17. Monitor archeological projects awarded grants from the Texas Preservation Trust Fund.
18. Nominate significant archeological sites for State Antiquities Landmark designation.
19. Adhere to established work schedule with regular attendance.
20. Follow all THC safety guidelines/procedures and ethics requirements.
